

UNH Energy Club Presents: UNH Energy Conference 2009

Friday, May 1st

Strafford Room

A Free Event!

8:00-9:00	Registration and Coffee
9:00-9:40	New England Clean Energy Council <i>Nick d'Arbeloff, President of NECEC</i> Accelerating New England's clean energy economy by executing programs in innovation, growth, education and training, adoption, & policy.
9:40-10:20	NH Electric Use & The Role of Energy Efficiency <i>Gil Gelineau- Manager, PSNH</i> Take a look at how much energy NH uses, where we get it from and the future of energy efficiency initiatives from PSNH.
10:20-10:30	Coffee Break
10:30-11:10	Public Utilities Commission Initiatives <i>Maureen Reno- Utility Analyst, PUC</i> Discussing the PUC's new Sustainable Energy Division, in charge of the Electric Renewable Portfolio Standard and Regional Greenhouse Gas Initiative.
11:10-11:50	Stimulus Funds- Renewable Energy and Energy Efficiency Initiatives <i>Mary Downes- NH Office of Energy and Planning</i> Discussing the funds coming to NH for energy efficiency and renewable energy as a result of the American Recovery and Reinvestment Act (ARRA).
11:50-1:00	Lunch- Please see the conference program for lunch locations.
1:00-1:40	Coos County Wind Park: NH's Wind Answer? <i>Pip Decker, Development Manager</i> <i>Noble Environmental Power</i> Discussing the plans for developing a new 99MW wind farm in Coos County, NH.
1:45-2:25	Hydro-power Potential in NH <i>Bob Jawitz- Rockhouse Mountain Energy</i> Discussing the potential of hydro-power in NH from existing dams. Based on an extensive study done by the US Army Corp of Engineers.
2:30-3:10	Nuclear Energy- Opportunities and Challenges <i>Rick Noble, Engineering Director</i> <i>Seabrook Station, FPLE</i> Discussing the present day nuclear energy technology and what the future holds.
3:15-3:55	The Next Generation of Biomass Generation <i>Bill Gabler, Project Manager</i> <i>Clean Power Development, LLC</i> Discussing biomass energy. How can we utilize the NH forests for sustainable energy generation?
4:00-4:40	ECOLine- Powering UNH from a Landfill <i>Paul Chamberlin- Assistant Vice President for Energy and Campus Development at UNH</i> Discussing the project to utilize Rochester's landfill gas to power, heat and cool the UNH Campus.

MUB Theater 2

Renewable Energy for Homeowners <i>Lee D. Consavage, PE</i> <i>Seacoast Consulting Engineers</i> Discussing renewable energy systems for homeowners. Is it right for you?
Residential Solar Energy Systems <i>Brad Hunter- Solar Energy Consultant</i> Learn how solar electric and solar hot water systems work, how much they cost, and how much money you can save.
Junk to Juice- Home Made Wind Power <i>Ben Brickett- Blue Water Concepts Inc.</i> A local inventor presents on how to take 'junk' and turn them into energy generation that a homeowner can utilize!
Energy Efficiency for Homeowners <i>Arden Cala- Certified Energy Consultant</i> Discussing energy efficiency for homeowners. What can you do to reduce your use?
